

19 March 1957

PROPOSED PARAGRAPH FOR THE BUREAU OF THE BUDGET

"If the proposed legislation is enacted, no persons would be eligible for accelerated retirement before 18 September 1957, since no persons would have had 10 years service with CIA until then. During calendar year 1958, it is estimated that six persons would receive the extra credit for overseas service and be eligible for retirement provided permission were granted by the Director. In each successive year for the next 10 years, it is estimated that an equal number might become eligible, but it must be noted that eligibility is in part dependent on the amount of overseas service in each individual case and this is not accurately predictable. It is felt, however, that after the system has been in effect for 10 years, and for the foreseeable future thereafter, there would never be more than 100 persons at any one time who had achieved the requisite eligibility."
